

Website Content Requirements

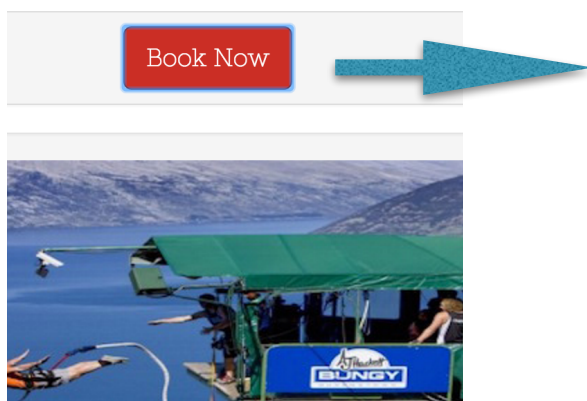

Requirements	What I have done
8-12 pages in your website	8 pages: index.html; bungy.html; skydiving.html; live.html; food-drink.html; about.html; contact.html; privacy.html
Responsive design	desktops/laptops and phones two responsive design I used Bootstrap 12-column layout to achieve it
At least one audio and one video file	Audio: melanie.mp3 in food-drink.html Video: skydiving.mp4 in skydving.html
A form	two forms: 1. user contact form in contact.html 2. a on-line booking form for every “book now” button in bunny.html and skydiving.html
Some JavaScript	1. Bootstrap own JS function and features; 2. change the interval of carousel in index.html 3. make header menus drop down automatically 4. highlight the current nav
Search Engine Optimisation (SEO)	1. add description meta tag in the head section 2. use structural tags 3. use alternate text for all of the images 4. Bootstrap’s own SEO features
Accessibility features	1. Use alt tag for all of the images 2. Configure navigation with a unordered list 3. Use ARIA landmark roles 4. Use label and for attribute, fields, legend elements, and tabindex, accesskey attributes

— More Details on responsive design and form:

Search Engine Optimisation techniques

1. Meta description tag and robot meta tag
2. More descriptive page title
3. Use structural tags to organise the content.
4. Offer quality and informative content

Accessibility features

1. Use hierarchical heading tags to make the webpage well-organised
2. Use alt attribute for all of the images
3. Configure navigation with a unordered list
4. Use ARIA landmark roles.

```
<li class="dropdown">
  <a href="bungy.html" class="dropdown-toggle disabled" data-toggle="dropdown" role="button" aria-haspopup="true"
aria-expanded="false">Activities
```

5. Use label and for attribute, fieldset, legend elements, and tabindex, accesskey attributes to make the form

Amendments to the original specification document

1. Originally there were 13 pages, but due to the time constraint, I only managed to make 8 pages, which should be enough to show what I can do. However, I will finish rest of all the pages and make it a whole website during the summer holiday.
